Funded Partner Experience

Our Commitment to the Funded Partner Experience

The St. Louis philanthropic community envisions a future in which grant making is relational and funded partner-funder relationships reflect strong partnerships that lead to meaningful, long-lasting, positive change for the St. Louis region. The funders and philanthropy-supporting organizations listed below are united in our intention to 1) promise the following to all potential funded partners and/or 2) support the following best practices within the field of philanthropy:

1. Communication
   - **Staff Contact.** We will designate a named staff member to contact directly about your proposal/grant. Staff continuity is a priority.
   - **Prompt Response.** We will provide prompt and respectful responses to all inquiries within and outside of the grant process within three business days (or notification if the staff member you are contacting is out of the office).
   - **Proactive Approach.** We will provide proactive and transparent communication to support your timely and effective preparation and participation in our public processes.

2. Grant making Process
   - **Timeline and Consideration.** We will provide well-defined and realistic expectations about the proposal/application process, including fair and timely consideration of all grant requests.
   - **Consistency.** We will ensure the provision of consistent information about our policies and procedures, including the requirements for completing and submitting grant applications/reports and how to request support and/or changes.
   - **Performance Management.** We will use performance metrics as an opportunity to learn and propose possible modifications.

3. Relationship
   - **You are an Expert.** We value the knowledge and experience you bring to the partnership. We will strive to continuously learn about your organization’s strategies, challenges, and the context in which you work.
   - **Sharing Resources.** Whenever we are able, we will help connect you to our resources, perspectives, and approaches (as requested) to support strong programs/organizations and amplify community impact.
   - **Assume Best Intentions.** We will engage with you from a perspective of learning and growing together. We will strive to create a genuine and honest relationship, assuming the best intentions of everyone involved.

Funded Partner Feedback

We also encourage funded partners to directly provide honest feedback about what is and is not working, so we can improve our own individual processes and practices. We are committed to integrating as much feedback as possible and to share with you how your feedback has changed and improved our processes.
Possible items might include:

- Proposal/application review process
- Interaction with staff members
- Clarity of guidelines and other communications
- Reporting requirements
- Training and available resources
- Any other topic related to your experience that will help improve our grant making efforts

If you would like to provide feedback to us directly, please email us at info@stlarchs.org. Your feedback will be reviewed internally and when appropriate, you will receive a response that addresses your questions and/or concerns.

Note: This document is the product of insights gathered from local and national sources completed and vetted by the St. Louis Funder’s Learning and Evaluation Group (FLEG). It was finalized and adopted by the funders and philanthropy-supporting organizations below in July of 2018.

Strategic Support

Contract, scope of work, and budget:
Your grant contract with ARCHS outlines roles, responsibilities, expectations, timelines, budgets, and more. Please keep it handy throughout the contract year to make sure everything stays on track.

NEW online reporting/invoicing portal:
In October 2021, ARCHS will be launching a new online reporting/invoicing portal. It will streamline the process of providing ARCHS with your information and data. You will be provided with training materials on how the new portal works. Your ARCHS’ grant representative will be available to assist.

Reports:
Each of ARCHS’ grant contracts has a scope of work that includes specific information about required reports and related budget, data, and timeline information. These reports are vital to the grant process and ensure your program information is captured to best track the outcomes being sought. ARCHS will use your reports to understand what your organization is accomplishing and to learn, along with you, about successes, variances, and challenges affecting your work. Your ARCHS’ grant representative will provide you with specific reporting templates and deadlines.

Invoices:
Keeping financial records on track can be complicated. Please refer to the information we have provided. If you have questions, then please let us know prior to submitting your invoice.

One-on-one technical assistance:
One of the hallmarks of ARCHS is our commitment to stay in close contact with you. Please stay in touch with your ARCHS’ representative via phone, email, text, Zoom, etc. so we can assist you more efficiently and effectively.

Professional development trainings:
ARCHS offers a variety of professional development trainings that may be of interest to your organization. If you have a specific training need, please let us know.

Communications and marketing (stlarchs):
ARCHS’ extensive communications and social media network provides you with an opportunity to promote and highlight your program’s successes. Please submit your stories and images via the NEW online reporting/invoice portal.
Leveraged & In-Kind

Over the years, ARCHS has emphasized the importance of tracking “leveraged and in-kind” data from our partners.

Why is this important?

As one of Missouri’s 20 official Community Partnership organizations, documenting how federal/state funding is “matched” with local resources is one of our key measures of success.

In FY 2021, ARCHS and our partners had a $33.4 million impact on the region – providing vital education and human service programs. Here’s how that is broken down:

$13.6 million - ARCHS core funding and grants issued to funded partners

$19.8 million - Additional funds/resources provided by ARCHS' funded partners

In past years, a significant portion of ARCHS' leveraged (additional funding from partners) and in-kind (donations from an outside third party) data was entered at the very end of the year. Additionally, the funding was bundled and attributed to the funded partner in total. This year the state is requiring ARCHS to submit quarterly leveraged and in-kind data. We also need to know who is donating the items and services to our partners. Did the Zoo make a presentation, or did a specific company donate supplies? If you are using other funds to augment your ARCHS’ grant, that counts as leveraged, so please document that too as you fill out your invoice form.

ARCHS’ new online reporting/invoicing portal has a convenient link to our in-kind tracking from. Partners should work with your ARCHS’ grant representative throughout the year to make sure you are providing as much leveraged/in-kind data as possible in real time. ARCHS understands some data may not be available until year end, but any data we can load early in the year will help ensure nothing is left on the table.
Financial Glossary

Your ARCHS’ grant representative can help you clarify any budget/invoice-related issues or questions. Please do not change the ARCHS’ invoice or create your own categories.

- **Personnel:** Wages and salaries paid to employees of your organization who are directly involved in the implementation and management of the program. This line item does not include personnel hired by any sub-contractors; those costs are included in the “Contractual” line item.

- **Fringe Benefits:** The cost of benefits paid to personnel, including the cost of employer’s share of FICA, health insurance, workers’ comp., and vacation.

- **Travel:** Refers to travel costs of personnel that are reasonable and necessary to effectively manage and carry out program activities. This line item does not include travel expenses of any sub-contractors, which are included in the “Contractual” line item.

- **Equipment:** Refers to non-expendable personal property that has a useful life of more than one year and a per-unit cost of $5,000 or more. Shipping, delivery, and installation, if necessary, are a normal part of the cost of equipment and should be included in the budgeted amount.

- **Supplies:** All consumable materials costing less than $5,000 per unit; includes food/beverage and other goods such as copy paper, pens and pencils, computers; any materials needed to conduct training, etc. Shipping and delivery are a normal part of the cost of supplies and should be included in the budgeted amount.

- **Contractual:** The cost of any contract or sub-grant agreement.

- **Construction:** The cost of new construction or major renovation associated with a program.

- **Other:** Direct costs that do not fit any of the categories, such as rent for buildings used to conduct programs, utilities, leased equip., etc.

- **Indirect Charges:** Costs that aren’t directly associated with this program. DO NOT use unless directed to by ARCHS.

- **Annual Donated Space:** Space that is available for use for the ENTIRE YEAR at no expense to your program and should be calculated as square feet.

- **Value of Additional Donated Space:** Any other space (such as a special event or meeting) that is used for free or at a reduced cost. This calculation should be based upon the amount that your organization would’ve had to pay to use a similar space at full price.

- **Value of Donated Services:** Professional services (accountant, caterer, contractor, IT support, etc.) that were provided free of charge or at a discounted rate. In the case of a discounted rate, you should claim the difference between what you were charged and the total non-discounted bill.

- **Donated Volunteer Hours:** Includes any unpaid service provided to program that is NOT a professional service (see above). Includes parents helping at events, people reading to students, chaperones, etc.

- **Value of Donated Items:** Includes the value of any items donated to your program. The value of donated items should be based upon IRS guidelines. You could use an online resource such as ItsDeductable.
